Eco point for prayer this month

Improving our personal environmental impact.

This month we're launching a new tool to help us each, privately, assess our environmental impact and consider how to improve it. This lifestyle survey is part of the action plan we have agreed towards Gold Eco Church.

Please download your questionnaire or collect a paper copy. These and the box for returns are both on the table by the recycling.

Please pray:

- that many of us will take this opportunity
- that we will enjoy thinking about how we can live well for God's earth
- that we will see positive changes we can make.

Teddy's tubs

Large, round chocolate tubs are being collected for recycling by a boy in Netley <https://www.bbc.co.uk/news/articles/cg5m9zqqpj5o>

If you have any to contribute please leave them under the recycling table at church.
